Made in USA 

Performance at the highest levels. It's easier said than done.

OX creates truly innovative products that are built to perform inside and out. While others might rewrap, rebrand, or repackage ideas, we're reimagining what building products can do. Constantly asking "Why?"

Why can't sheathing provide insulation in addition to strength?

Why can't being eco-friendly also be friendly to your bottom line?

Why can't you cut your installation time without cutting corners?

Why can't the best products be stably and competitively priced?

We're unafraid to ask questions. Because questions get us answers to the problems builders face every day. Better buildings and better building products go hand-in-hand. At OX, we believe that to the core.

Performance to the Core.

OX-IS[®]

structural insulation

OX-IS is the all-in-one product that allows you to meet building code requirements for structural sheathing, continuous insulation, weather and air resistive barrier performance.

strong-R[®]

structural insulation

Our commercial-grade 4-in-1 structural insulated sheathing installs fast, saving you time and money while providing best-in-class energy efficiency, moisture resistance and fire performance.

thermoPLY[®]

structural sheathing

The stable pricing, lightweight design, water resistance and best-in-class air barrier make ThermoPLY structural sheathing a high-performance alternative to OSB.

isoREDci

polyiso sheathing

IsoRED CI is a rigid polyiso insulation for residential and light commercial applications that helps you achieve best-in class R-values and the ultimate in energy efficiency.

isoREDMAX[®]

polyiso sheathing

IsoRed Max is our line of rigid polyiso insulation with multiple facer options that adds thermal insulation to commercial curtain walls or other E84 Class A polyiso applications.

OX Shield[®]

surface protection

Ox Shield is designed to provide temporary surface protection in the construction industry. This heavy-duty, high strength cellulosic fiber board is engineered to protect new and existing floors and surfaces from the demands of the jobsite.

homeGUARD[®]

housewrap

TITAN[®]

drainage wrap

HomeGuard Housewrap and Titan Drainage Wrap offer superior strength that can stand up to harsh weather and even harsher jobsites providing a best-in-class air and moisture barrier.

toughSKIN[®]

roof underlayment

ToughSkin's SlipSafe technology makes installation easier, and more importantly, safer than the standard felt underlayment.

toughSKIN_{HT}[®]

ice & water guard™ by OX

This technology allows for a superior adhesion over a large range of temperatures, including high temperature applications such as metal roof systems.
